WORK EXPERIENCE

Full Stack Intern [XL Management Services]

July-October 2025

Description:-

- Completed a **Full Stack Developer** internship at XL Management Services, where I contributed to responsive **Web design**.
- Front-end development and SEO optimization** to improve site performance and user experience.

Key Contributions:-

- Developed and maintained responsive web applications using **React.js, HTML, CSS, and JavaScript**, ensuring smooth user experiences across devices.
- Built mobile-friendly interfaces using React Native**, enabling consistent performance across Android and iOS platforms.

Full Stack Intern [Grahmind Innovations]

May-June 2025

Description:-

- Taaza** - E-commerce Meat Delivery System.
- Developed a **React-based** online marketplace with **Firebase integration**, including user/customer portals, order tracking, **payment processing**, and admin analytics for fresh meat and fish delivery **business operations**.

Key Contributions:-

- Engineered custom admin and user dashboards with advanced features like analytics, product management, and real-time notifications.
- Streamlined development by creating automated product seeding scripts and establishing a modular, maintainable project structure.

Full Stack Developer Intern [Code-B Solutions Private Limited]

Feb-April 2025

Description:-

- Developed a responsive web application using **Django** as the **backend framework** and **MySQL** for **database management**.
- Designed and implemented intuitive user interfaces using **HTML, CSS, JavaScript, and Bootstrap**.

Key Contributions:-

- Built dynamic web pages with **Django views, templates, and models**, ensuring a robust **backend structure**.
- Integrated **MySQL database functionalities** for efficient **data storage, retrieval, and management**.

Freelancer (Nexons DNA):-

Dec-Jan 2024

- The project utilizes JavaScript for **frontend interactivity**, Python for **backend logic**, and **Django** as the framework to structure the web app.
- To develop a responsive**, user-friendly web application with seamless **frontend-backend** integration.

PROJECTS

• NGO Management System [Code-B][[Link](#)]

Feb-Apr 2025

- Engineered a full-stack web application for an NGO, utilizing Django (Python) for backend logic and API development, MySQL for database management, and [HTML, CSS, JavaScript / Specific Framework] for the user interface.
- Tech Stack:** Built with HTML, CSS, and JavaScript for the frontend, MySQL for storage, and Django (Python) for the backend.

- **Recipe Book** [Angular Project] [Link]

April-2025, May-2025

- Recipe Book is an Angular-based web application that allows users to view, add, and edit a collection of recipes through an intuitive and interactive interface.
- "A simple and interactive Recipe Book application to add, view, and manage your favorite recipes easily."
- **Tech Stack:** Built with HTML, CSS, and JavaScript for the frontend, Angular, and Json Server.

- **AI Chat Assistant** [React.js][Link]

April-May 2025

- AI Chat Assistant is a web application that allows users to chat with an AI assistant.
- **Tech Stack:** Built with **React.js**, **TypeScript**, and **Vite** on the frontend, and powered by **Node.js**, **OpenAI API**, and custom API integrations for a fast, intelligent, and dynamic AI chat experience.

TECHNICAL SKILLS

- **Languages:** Python, HTML, CSS, JavaScript, Bootstrap, PHP.
- **Tools:** Pycharm, VS Code, GitHub, Postman, Vite, Vercel, Netlify.
- **FrameWork:** Django, Angular.
- **Database:** MySQL, Firebase.
- **Libraries:** React, React Native.

CERTIFICATIONS

- **Demonstrated proficiency** by completing [Python Web Development](#) Certified by IBM
- **Established competence** by completing certification in [SQL and Relational Databases](#) Certified by IBM
- **Secured certification** for [Python Developer Associate](#) CPDA-25
- **Certified for course completion** in the Master in [Full Stack Web Development with Python](#), 2025

EXTRA-CURRICULAR ACTIVITIES/ACHIEVEMENTS
